## Glycol Heaters:

- 1.2 MM BTU Heater w/ 0.385 MMBTU Steamer
- 1.0 MM BTU Heater w/ 0.385 MMBTU Steamer
- 0.4 MM BTU Heater w/ 1200 ft of 5/8 Hose for Ground Thawing
- Heat Exchanger

## Applications:

- Well Heating
- P-Tank Heating
- Frac Tank Heating
- 400 bbl Barrel Tank Heating
- Heat Safety Systems & Supply Lines for Drilling Rigs
- Heat Rail Cars Equipped with Heating Coils
- Provide Heat for Construction Sites
- Steamer for Spot Cleaning / Thawing
- Prevent Valves, Manifolds, and Pipes From Freezing

## Benefits:

- No Dangerous Chemicals Needed
- Food Grade Rated Propylene Glycol
- Environmentally Friendly
- Easily Transported Using a 1 Ton Truck
- Heat Available Within 15 Minutes
- Increased Heat Transfer Efficiency
- Minimal Training Needed to Operate

# GLYCOL HEATERS

Artic Therm specialises in Flameless Heaters and custom designed Glycol Heating systems which are a cost effective and efficient solution for providing innovative, portable and safe heat generation. The variety of units makes Flameless Heat an extremely safe alternative for the production of large volumes of user friendly, "Green Heat!"
